CALL FOR PAPERS

The 7th IEEE International Conference on Industrial Cyber-Physical Systems (ICPS) will be held from Sunday to Wednesday, May 12-15, 2024, St. Louis, MO, USA.

ICPS 2024 aims to provide an international platform for cutting edge research and professional interactions for the development of Industrial Cyber-Physical Systems. Industry experts, researchers and academics will share ideas and experiences surrounding frontier technologies, breakthroughs, innovative solutions, research results, as well as initiatives related to Industrial Cyber-Physical Systems and their applications. The conference will feature a rich program including industry talks, research papers, as well as workshops and special sessions.

A number of Special Sections in leading IEEE Journals such as TII, TICPS, OJIES and JESTIE, elaborating conference topics will be generated after the event. Authors of accepted papers, with excellent reviews, will be invited to submit an improved version of their papers for further consideration.

Topics within the scope of the conference (but not limited to):

- **ICPS Automation and Autonomy**: Automation within ICPS Context for Industries (Agriculture, Healthcare, Factory, Maintenance, Manufacturing, Retail, Service, Supply chains), ICPS-Based Autonomous Systems, Robotics in Industries
- **ICPS Advanced Modeling, Control, and Optimization**: ICPS System Modeling, Control Theory and Applications, System Optimization and Control
- **ICPS Emerging Applications**: Smart Manufacturing, Smart Cities, Smart Home and Living, Smart Framing, Mobility, Water Management, Mining, Oil & Gas, Intelligent Enterprise, Smart Transportation, Internet of Underwater Things, Smart Medical Systems
- **Artificial Intelligence in ICPS**: Machine Learning, Generative AI, Metaverse, LLMs, NLP, AI Explainability, Edge AI, Neuromorphic Computing, Foundation Models, Synthetic Data, Industrial Experiences

**Special Sessions**: Prospective participants of ICPS 2024 are encouraged to propose (and upon approval organize) special sessions in the focus areas under the symposium topics.

**Tutorials**: Several tutorials are planned on the latest trends in ICPS. Prospective speakers should apply asap.

**Paper Submission**: Prospective paper authors are requested to electronically submit full papers in English following the instructions available on the conference website. Accepted and presented papers will be copyrighted by IEEE and published in conference proceedings, which will be eligible for inclusion in the IEEE Xplore online Digital Library and EI Compendex database.

**Important Dates**

- **Special Session Proposal**: Jan. 5, 2024
- **Full Paper Submission**: Jan. 15, 2024
- **Extended Abstract Submission**: Mar. 1, 2024
- **Tutorial Proposal**: Jan. 15, 2024
- **Decision Notification**: Feb. 25, 2024
- **Extended Abstract Decision Notification**: Mar. 15, 2024
- **Early Registration**: Apr. 1, 2024

St. Louis is the second-largest city in Missouri, United States. It is located near the confluence of the Mississippi and the Missouri Rivers. Travelers looking for cosmopolitan fun, excitement and adventure will discover a great fit in St. Louis. Located in the midwestern USA, St. Louis is sophisticated yet affordable with a variety of attractions, exhibits and cuisine, all wrapped in a friendly, diverse atmosphere.
